

We are your neighbors.

We are your community volunteers. We are Asian, Black, Brown, Latino and White. We are Men and Women. We are your law enforcement professionals in Massachusetts and we need your help.

The Police Reform Bill currently being debated on Beacon Hill will hurt every community neighborhood and business in the Commonwealth.

We are strongly in favor of increased training and oversight as we strive to be better at the job we do - which is to protect and serve our communities from Provincetown to the Berkshires and every city and town in between.

This Bill has been hastily thrust upon our legislative leaders without any involvement from people in law enforcement or any opportunity for public comment from people like you.

Public Safety is one of the most diverse groups of professionals working in our state. Our membership mirrors our communities and we want to strengthen our partnerships with neighborhood groups so that we can work together and not apart.

The Police Reform Bill as written, will not allow us to do our jobs effectively on your behalf.

Please reach out to your State Senator, State Representative, Governor Charlie Baker and Lieutenant Governor Karyn Polito and let your voice be heard.
